AdvaMed’s Strategic Plan

- Secure payer and provider policies that recognize value of medical technology and reward innovation
- Shape the regulatory environment to ensure policies and decision making that are transparent, predictable, consistent, timely and science based
- Modernize AdvaMed membership through smart growth to represent the entire industry by size and segment
- Ensure a global industry voice through partnerships with local association and direct member support in critical geographies
- Strengthen the innovation infrastructure to assure continued medical progress, US competitiveness, and a healthy flow of capital to emerging companies
